

Basin Wildcats Boys Coordinator Report 2020

Well that was a rushed return to basketball, and as I have said before, let's not do the planning of a new season in two weeks again.

2020 has been interesting to say the least ; but I can find one big positive . Us long time basketball parents got to slow down for a while, and all the long time committee people got to take a good break, time to recharge our batteries from the time devoted to The Basin Wildcats.

Though not certain, I found some emails to suggest that I've been in this role for 6 years . For the majority of this time it's been a joy. I've had the odd moment, but this year, with time to reflect, really our job as parents and committee people is to assist our children to participate in and learn about themselves through team sport. We are just lucky it involves a ball and a hoop and lots of people we love.

I need to say a huge Thankyou to Stef Juchno, Andrew Weekes, Adam Green, Michael Eldridge, and a few others that support me in this role behind the scenes. Making teams this time around had us more challenged but I think we all did a great job in the end.

I'd like to say a huge thanks to Michelle Nicoll, our uniform coordinator .

And last but not least, thank you to all who have committed to coaching this season. Without you all we just can't get started. I hope you all have a very happy season and always call if there's anything you need to discuss.

Our boys side of the club is blossoming. Our club future is bright. Let's keep working together and making basketball wonderful for the children to play and us all to watch.
